HLT37215 - Certificate III in  
**Pathology  
Collection**

For Domestic Students

EDUCATION *for*  
EMPLOYMENT:  
Bridging the gap globally

## About the Course

**Pathology collectors play a crucial role in healthcare teams. They are responsible for collecting blood and other specimens that are vital for diagnosing diseases and determining appropriate treatments. Our nationally accredited Certificate III in Pathology Collection (HLT37215) course is meticulously designed to provide comprehensive training, equipping you with the necessary skills and knowledge to become a skilled pathology collector.**

This course will provide training in various areas including, the collection of blood and other pathology specimens, infection control practices, human anatomy and physiology, medical terminology, work health and safety, customer service skills, communication skills, legal and ethical requirements, ECG and basic first aid. Upon successful completion, the student will gain the qualification to work as a pathology collector in private and public pathology collection centers, hospitals, and medical clinics.

## Immersive Learning:

Hands-On Experience in State-of-the-Art Classrooms

IHNA's learning environment is designed to be engaging and practical. Our state-of-the-art classrooms replicate real-world pathology collection centers, providing you with hands-on experience. You'll benefit from the guidance of qualified educators who are actively engaged in the industry, imparting invaluable insights and best practices.

This course involves live blood collection (venipuncture) sessions where students participate in practical sessions to practice drawing blood from each other under the guidance of our skilled trainers. The students are required to complete 15-20 blood collection (venipuncture) procedures before advancing to the 35-hour industry placement. This hands-on practice is designed to ensure that the students develop proficiency and confidence in performing blood collection (venipuncture) procedures, thereby preparing them for real-world scenarios in healthcare settings.

## Course Details

Duration:  
26 Weeks

Training Hours:  
670 Hours

AQF Level:  
3

Course Delivery:  
Blended and On-Campus

Campuses:  
Melbourne, Sydney, Perth, Brisbane

This course is provided through blended and on-campus modes of delivery. It will be delivered over 670 hours including Training, Structured Interactive Learning (SIL), Summative Assessments, and Professional Experience Placement (PEP).

## Job Outcomes

- Pathology Specimen Collector
- Pathology Specimen Administrative

This course follows Competency-based training which is the concept that individuals learn at different rates as well as through different modes and different environments and that the skills and knowledge that a student has acquired previously are able to be formally recognised.

## Mode of Delivery

### Blended Delivery

Our course offers a blended learning approach, combining online theory sessions, face-to-face (on-campus) simulation-based practice, and Professional Experience Placement (PEP) in relevant workplaces. This delivery mode accommodates students nationwide. Simulation-based training and assessment occur online or via real-time video streaming, with optional face-to-face sessions at IHNA campuses. Modules are accessible through IHNA's Learning Management System (LMS), where students complete formative assessments. Educators provide references to recommended online resources and guide students through exercises and discussions on the LMS. Feedback is provided in real-time or later. Block simulations are scheduled after completing theoretical units, and PEP begins after satisfactory completion of simulation-based assessments. The qualification includes 35 hours of PEP in a healthcare setting.

## Entry Requirements

There are no formal entry requirements for this qualification; however, applicants should demonstrate an ability to perform tasks as required by the industry.

### IHNA admission requirements

- Applicants are required to be 18 years old and above.
- Successful completion of Australian Year 10 qualification or equivalent Note: Mature age students (22+) may also be considered without the minimum education requirements. Each case will be reviewed individually to ascertain the capacity of the applicant to meet qualification requirements.

### Additional Requirements:

- Language, Literacy, and Numeracy (LLN): All students are required to undergo the LLN test offered by IHNA for their suitability to be determined for undertaking the qualification successfully. They are to demonstrate their competence in literacy and numeracy levels in the Australian Core Skills Framework (ACSF) at exit Level 3 and participate in a pretraining review when enrolling into the course.

### Digital literacy

This course covers fundamental computer skills essential for everyday use, such as managing files, word processing, spreadsheet, and database usage, creating presentations, online research, and communication. It also emphasizes understanding the social and ethical aspects of internet use. Students are required to have access to their own desktop or laptop computer to facilitate training and assessment.

### Professional Experience Placement (PEP) requirements

- » A satisfactory Police (AFP/NCC) Clearance certificate
- » Required immunization
- » Working with Children Check (WWCC)
- » A valid NDIS Worker Screening Check

**Note:** Students must declare a disability or disorder (if any), or if they are on any medication which may require reasonable adjustments. Where a student breaches the above requirements, they could be excluded from their practical placements which may result in unsuccessful completion of the qualification.

---

Where a student breaches the above requirements, they could be excluded from their practical placements which may result in unsuccessful completion of the course.
